Amendment of Part 18 of the)
Commission's Rules to Update)
Regulations for RF Lighting Devices)

ET Docket No. 98-42

To: The Commission

MOTION FOR LEAVE TO SUBMIT LATE-FILED REPLY COMMENTS

The U.S. GPS Industry Council (the "Council"), by its attorneys, hereby, moves for leave to submit the attached reply comments in connection with the Commission's Biennial Regulatory Review of Part 18 of its rules^{1/} one day past the reply comment deadline. Due to an inadvertent clerical error, the Council needs to submit these comments one day late.

No party to this proceeding will be harmed by the Commission's accepting the attached reply comments only one day after the filing deadline. Because this is a final reply deadline, there is no further opportunity for additional comments to be filed, and thus, no party will be disadvantaged by the Commission's granting this motion and accepting the Reply Comments one day after the initial deadline. The Council regrets its delay in filing Reply Comments, but it respectfully observes

^{1/} See Notice of Proposed Rulemaking, 13 FCC Rcd 11307 (1998) ("NPRM").

that the one day lapse should not hamper the Commission in its final consideration of issues presented. Finally, the Commission's accepting for filing the Council's reply comments will enhance the public interest by allowing the Commission to examine a more complete record, including the Council's views, as it considers adopting regulations for RF lighting devices.

Accordingly, the Council respectfully requests the Commission to grant this motion, to accept the attached Reply Comments for filing, and to consider the Council's views in the above-captioned proceeding.

Respectfully submitted,

U.S. GPS INDUSTRY COUNCIL
